

WEB PROGRAMMING

SPRING 2023 PROJECT-4

Leader Name: Shriya Veluru

Project Name: Property Shark

Description: Property Shark is a web application where tenants and owners meet and they have varied options to choose from. Owners would be able to post their listings and the tenants would be able to choose the apartments according to their requirements and budget.

Team Members

- Mounika Koduri: Handled most of the UI using HTML and CSS.
- Shriya Veluru : Handled most of the backend using PHP.
